**Purpose**

Developed by the National Exchange Club, the Freedom Shrine originated from the Freedom Train that toured the nation in 1947 carrying an exhibit of historic documents. The purpose of the Freedom Shrine is twofold. It puts before young Americans proof that the freedom and greatness we enjoy today were not purchased easily and reminds them that these gifts must be cherished and protected. our national character and eminence. The documents of the Shrine, although culled from the past, represent foundation stones which permit the present, as we know it, to exist and the future, as we dream it, to be attainable. Thousands of Shrines have been dedicated throughout the United States and Puerto Rico in universities, libraries, schools, state capitals, city halls and at American outposts scattered throughout the world. The Shrine is a display of historical documents photographically reproduced from the originals and permanently laminated to individual non-warping plaques. It is used by teachers, students, study groups and other clubs to further study American history. Exchange prints a study tool called the Freedom Shrine Documents Textbook which contains the texts of the documents of the Shrine. It can be used to inspire essay and speech contests, and to prepare for the Milestones of Freedom quiz. For more information on Freedom Shrines, request a free
